FIRST IN RESULTS TO ADVERTISERS

NUMBER 23

Whitacre Says Mumps Epidemic Is on the Wane

Principal Richard Whitacre, of Antioch grade school said today that the peak of the current mumps epidemic has been reached and that attendance figures at the school show that the epidemic should wear itself out by the end of this month.

Records at the school show that a few more than the regular amount of pupils were out with illness on November 15th and that the number had steadily increased throughout November and December, with the greatest number of cases being found in December. On December 1, about 20% of the enrollment was absent on account of mumps and other illness and this percentage was pretty well maintained throughout the month. With the opening of school Monday after the holidays, a good many who were absent in December have resumed classes.

He answered the question "Why wasn't school closed to help control this condition?" by citing Illinois Department of Health rulings in these cases which specifically state that schools are to remain open. It is the attitude of the state board that epidemics of this nature can be better controlled with the children in school where they can be observed daily by a physician, and sent home whenever a case is detected.

Whitacre also said that simply closing the school would not be too effective, if gatherings at movie houses, churches and other places were not also curtailed.

Keeping children "in, down and warm" was his way of putting proper treatment for the disease into few words. He also warned parents that children recovering from the disease should be kept indoors until all danger of a relapse was past. In some cases where children have been permitted to go outside too early a serious relapse has occurred.

Public Service Co. Will Furnish Gas Heat to 5000 Homes

An additional 5,000 homes in suburban and outlying communities served by the Public Service Company of Northern Illinois will receive gas for space heating during 1949 under a petition filed today with the Illinois Commerce Commission by the utility. The 5,000 are at the head of a waiting list of more than 20,000 which dates back to April 10, 1947 when the commission's order restricting gas for house heating was last extended.

The new petition asks for modification of the present order to permit connecting the additional space heating in single family dwellings. No additional gas for industrial or commercial space heating will be available.

Britton I. Budd, Public Service president, said that the 5,000 additional home heating customers in 1949 is made possible through an expected increase in gas supplies from the natural gas pipeline from Texas and expansion of the company's underground gas storage and propane facilities.

"Through moderate increases in our gas supplies we were able to authorize space heating service to more than 4,000 customers last summer," Budd said. "In all cases these were persons who had applied for gas heat prior to April 10, 1947."

"Since April 10, 1947 our waiting list has grown to more than 20,000. The 5,000 to be added next summer are those next in line on this waiting list."

"With the additional 5,000 residential heating installations we will start the 1949-50 heating season with about 40,000 space heating customers. Even with the extension of our heating service more than 15,000 householders will remain on our waiting list."

"We regard the complete elimination of this list through sufficient gas supplies to meet all house heating demands as our number one gas service responsibility. To realize this goal, however, a large additional supply of natural gas must be made available to this area. We will continue to work toward obtaining such an additional supply."

Budd said that the 5,000 new heating customers to be served from the present waiting list includes both old and new homes. These eligible applicants will be notified by letter as soon as the additional gas becomes available—probably in the early spring.

Mrs. Harold Gaston accompanied Mrs. H. E. Shepard and family to Kansas City Monday. The Shepards spent the past ten days with relatives in Antioch.

Mather Purchases Keulman Grocery

Don Mather, formerly of McHenry, took possession of the Keulman grocery, Main street, on January 1, and is now open for business under the new name of Mather's Grocery.

The store, located in the Keulman building, has been operated by Elvin Keulman for the past 15 years, having been taken over by Al and Bill Keulman in 1933. Prior to that time it was the Wisconsin butter store and operated by William Regan.

Mather has had the interior of the store redecorated, and will handle the same lines of supplies as have been offered at the store.

Township Fire Loss Is \$12,836 for '48

Antioch township fire losses for 1948 as shown by the report submitted by Secretary Clarence Shultis, were fairly low again this year. Prompt and efficient work on the part of the department has been responsible for saving many buildings which would have been complete losses.

The report as submitted follows: "The Antioch Fire Department answered 74 calls during the year of 1948, of which 48 calls were in the Fire District, 19 Village calls, 3 in Newport Township, 2 in Lake Villa District, 1 in Bristol Township and 1 in Salem Township. The 19 calls answered in the Village were on property valued at \$192,050.00 with a fire loss of \$4,931.00. In the Antioch Fire District which is all of Antioch Township east of the Fox River, (Village of Antioch not included) the department answered 48 calls on property valued at \$94,200.00 with a loss of \$7,905.00."

Fox Lake Firm Is Now Distributor For Quaker State

Announcement was made this week that the Hewes Boat Company, Inc., has been appointed Lake County distributor for Quaker State Refining Corp., manufacturers of Quaker State oils.

The Hewes Boat company is headed by Matt Waller, engineer and race enthusiast, who has had a long and interesting career in working with internal combustion engines and other mechanical devices. He is associated with Marchese Brothers of Milwaukee, and had a large hand in the engineering of the Marchese Special, which is the number one race car for the year, having amassed more points than any other car for 1948.

Waller began his career with the Evinrude Motor company, and successfully raced outboard motors for many years before going into the race car business. He was superintendent at the Mantiowoc Shipbuilding company during the last war and supervised the building of twenty-eight submarines, many of which saw service against the Germans and Japs.

Waller's intimate knowledge of racing engines and their needs as to lubrication are a real endorsement of the lubricants he will distribute. Plans of the company include stocking of a large quantity of each of the lubricants and prompt delivery of orders.

Grade School Rink Awaits Cold Snap

Old man winter will soon be down to business with icy blasts, if the hopes and wishes of Antioch grade school pupils are answered. The skating rink which has been in readiness for several weeks has been a pond for most of that time and is still not frozen over sufficiently to allow skating.

The rink was constructed by the older boys at the school last year, under the direction of Principal Richard Whitacre, and was put into good shape this season through the courtesy of Road Commissioner Bob Webb, who sent the large road maintainer to the school to level the ground this fall.

The boys built a dike of sand around the rink and were waiting for cold weather to begin flooding, when the sleet storm of last week froze the embankment and the rains since have filled the pond to capacity. So . . . all that is needed to start the fun is cold weather.

FALLS ON ICE, BREAKS ARM

Mrs. Emil Risch, of Parkway Avenue, suffered a broken arm and other bruises and injuries when she slipped and fell from the porch at her home on Parkway Avenue Monday morning. Her condition is very good today.

March of Dimes Campaign To Open in Lake County Jan. 14; Need Is Great

The desperate need for a record 1949 March of Dimes campaign was stressed by Mayor John P. Dromey, Lake County Chairman. Preparations for the 1949 drive are being hurried to meet the dates of January 14 to 31, the campaign period. Mayor Dromey pointed out that polio care during the last 11 years has become more complex and expensive.

"Before the National Foundation for Infantile Paralysis was organized in 1938, polio patients were treated by a general physician and a nurse. But research has discovered the complexity of this crippling disease. Instead of the old team-of-two, today's victim is aided by a medical group with as many as eight members." These scientific experts are the pediatrician, orthopedist, doctor of physical medicine, nurse, physical therapist, occupational therapist, medical social worker and psychological consultant.

The scientific know-how behind this polio fighting team has been gained at great cost, and care is expensive, Chairman Dromey states. "Few families even those with high earning power, can meet the expense of polio treatment according to a survey made by Secretary Joseph J. Zorc." "It is therefore comforting for all of us to know that our local chapter stands ready to underwrite all or any part of this expense, according to need."

The list of local campaign chairmen in the 28 Lake County units follows:

Lake County Chapter, National Foundation for Infantile Paralysis, 1815 Sheridan Rd., North Chicago, Ill. Phone Majestic 448. John P. Dromey, chairman; Joseph J. Zorc, Exec. Secretary.

Contributions to the March of Dimes Campaign may be made direct to the Lake County Chapter at 1815 Sheridan Rd., North Chicago, Ill., or to any one of these local chairmen:

Antioch, Roy I. Kufalk; Barrington, Mrs. Ruth Mac Farland; Deerfield, John J. Welch; Downey, B. W. Hedden, Jr. (Chief); Farsworth, John McCormack; Fort Sheridan, Major Joseph P. Michl; Fox Lake, Hilmer D. Carlson; Grayslake, Mrs. F. C. Devine; Great Lake, Capt. A. L. Warburton; Gurnee, John McGaughey; Highland Park, Daniel Cobb; Highwood, Mrs. Mary B. East; Ingleside, Violet Schroeder; Lake Bluff, Kenneth Masonick; and Lake Forest, Albert Lucas.

Lake Villa, Mrs. Mildred Hucker; Lake Zurich, Eugene Elliott; Libertyville, Lester Powis; Mundelein, Mrs. Cecelia Kelroy; North Chicago, Alex. Wasniewski, N. "Mickey" Gergas; Prairie View, Lavern Mail-feld; Round Lake, Mrs. Hazel Kelly; Round Lake Beach and Round Lake Park, Russell, Erna V. Crittenden; Wadsworth, Mrs. Barbara Stahl; Wauconda, Russell Marks; Waukegan, Mayor Frank Wallin; Joseph P. Daly; Winthrop Harbor, Mrs. Lydia Morrissey and Zion, Homer Ingram.

All contributions received at Chapter headquarters will be credited directly to the city or village of origin.

Seal Sales for 1948 Now Total \$32,581

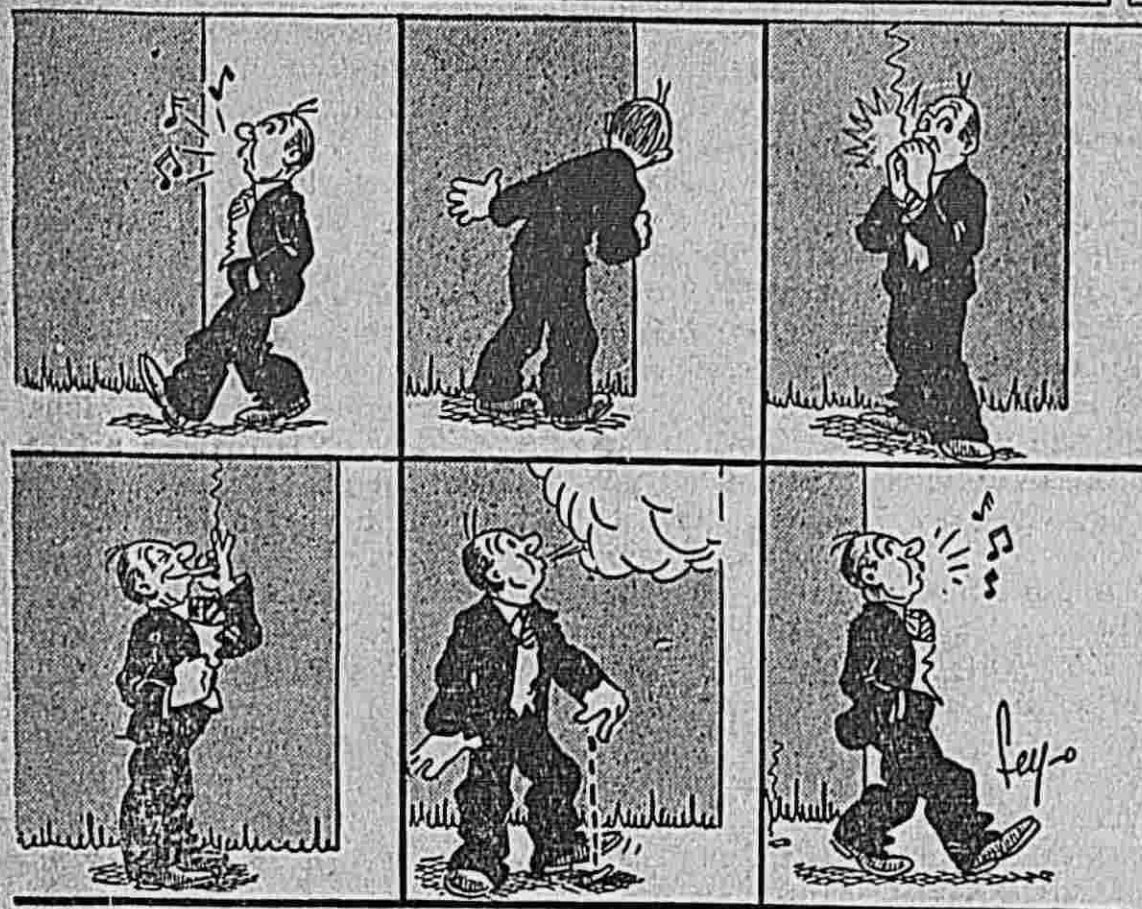

An additional \$3,103.47 received since the official close of the 1948 Christmas Seal Sale on Dec. 25, has brought total returns to \$32,581.61, Mrs. Mabel McCullough, Seal Sale Chairman announced last night.

"Several persons who did not make their returns earlier in the campaign have just sent in payment for their Christmas Seals," she said. "We wish to thank them for their contributions and to urge any others who have neglected their Seal payments to take care of them as soon as possible."

Mrs. McCullough said that she wished to emphasize that carrying out of the Lake County Tuberculosis Association's program depended on Seal Sale returns. She added that the association, in its work of tuberculosis prevention and control, was anxious to get started on its tuberculin testing program in the county. Schools as well as its chest x-ray surveys for the industries of the county.

"The association is confident that it can bank on the support of the people of Lake County to make possible its 1949 projects which are aimed against one of the most serious health menaces in this country."

Picture of a Man and His New Year's Resolution

Bandit Who Robbed Rausch Tavern at Wilmet Is Hunted

Sheriff's deputies and police throughout Wisconsin and Illinois were continuing their search today for a six-foot, two-inch man who escaped with an estimated \$500 in cash after robbing a crippled 62-year-old tavern keeper in Wilmet Friday afternoon.

The deputies were seeking a man fitting a description given them by the tavern keeper, John Rausch, who is a semi-invalid.

Rausch, operator of Rausch's tavern in the town of Wilmet, told Deputies William Schmitt and Floyd Hughes, the bandit entered the tavern Friday afternoon and ordered two beers while waiting for other customers to leave.

After the customers left, the man approached Rausch behind the bar and shoved him away while he emptied a drawer in the back bar. Rausch told the deputies he had drawn \$700 from the bank earlier that day to cash checks. He said he did not cash more than \$200 in checks.

As the robber fled the tavern, he hid his face from a man and woman who were entering. The deputies said he fled in an old-model automobile.

Twenty-first Annual Meeting of Lake-Cook Farm Supply to Be Jan. 15

The Board of Directors of the Lake-Cook Farm Supply announces the Twenty-first Annual meeting of the Stockholders to be held at the Elia Township High school, Lake Zurich on Saturday, Jan. 15, 1949. Due to the many business details to be taken care of that day all those interested are urged to be there promptly at 10:45 a. m. when the meeting is called to order by Ed Harris, president of the Company.

This meeting will be of unusual interest to all the farmers of Lake and Cook Counties as the Board of Directors in a special meeting held recently reviewed the most successful year that the Company had ever experienced and voted to declare dividends amounting to approximately \$90,000, which will be paid out that day. Besides this big dividend payment, interesting reports covering nearly a million and three-quarters dollar volume which was done, as well as plans for the large expansion, which is taking place will be discussed.

The entertainment Committee has been fortunate in being able to obtain W. B. Peterson, Director of Sales, of the Illinois Farm Supply Company, as the main speaker of the day. Other attractive entertainment will be on the program.

The famous "Lake-Cook Lunch", which has become a standard of free lunches in the territory, will again be served by the Company employees. Everyone is urged to attend and everything is free.

Legion Cagers To Seek Games

The Antioch Post American legion basketball team is seeking games, according to information contained in the current monthly legion bulletin.

The team is managed by Sammy Klass, and any teams who wish to meet the local team may telephone him, Antioch 53-R. All home games will be played at the High school gymnasium.

Darnaby Takes Partner in Shoe Business Here

Robert E. Taylor, Local Man Buys into Old Business

Walter S. Darnaby, for the past twelve years owner of the Darnaby shoe store, announced this week that a fifty-percent interest in the business has been sold to Robert E. Taylor, a resident of Antioch for the past four years.

Taylor has been employed at the Otto S. Klass store since his discharge from the army in 1943. He will assist in the operation of the store.

Darnaby said that steadily increasing business since his purchase of the business in 1937, accounted for the move. The store was known as the Chicago Footwear Company, prior to his taking it over and is one of Antioch's oldest businesses, having been operated for many years by the late T. G. Rhodes, and before that time by a brother.

Taylor is well-known in the community both through his employment at the Klass store and his activity in the local American Legion post. He entered service from Owensboro, Kentucky, his home. His marriage, to the former Pearl Edwards, daughter of Mr. and Mrs. Bert Edwards, while he was stationed in San Francisco, was responsible for his locating in Antioch.

Plans for operation of the store will not deviate from the regular schedule and the name will remain the same, Darnaby's Shoe store.

Antioch Builders Take Miller's Ins. In Match Sunday

The first of a two game bowling match, between the leading team of the Major League and a picked quintet of some of the best bowlers of the other leagues, took place last Sunday at the Antioch Recreation. The Antioch Builder's sponsored by Emil Hallwas, represented the Major league and Miller's Insurance sponsored the challengers.

The Antioch Builders, after stumbling through the first game with an 882, produced some 'classic' league bowling with games of 1007 and 1011 for a total of 2900; while the Miller's Insurance chalked up games of 950, 885, 901 for a total of 2736.

Carl Gibson topped the Builders with 630, 203, 213, 214. R. Horan with 613 and Ed Kania with 601 helped a lot to win.

Bill (Ace) Keulman showed the Miller's team how it should be done with games of 205, 181, 235, total of 621.

A return match will take place toward the end of the season.

Members of the Builders team include Emil Hallwas, Ray Horan, Carl Gibson, "Skinny" Gerretsen and Ed Kania. Miller's Insurance team was composed of Bill Keulman, Ed Carney, Lou Proko, Roman Vos and Henry Pape.

Wed. Businessmen's League

Dr. Hays was high individual scorer in last Wednesday's meeting of the businessmen's bowling league. Hays had games of 189, 198 and 192 for a 579 total. This was high by only one point, as Ed. Carney was second high with a 578 total. Carney was also high single game winner for the night with a 219 game. Chuck Cernak was second high with a 212 game.

The V. F. W. team was high in the team event with a 2571 series on games of 846, 886 and 839. Second high was Miller's Insurance with 2548.

Thursday Night Businessmen

Johnson's Resort was high with a creditable 2667 series last Thursday evening. Johnsons rolled games of 918, 899 and 850. Carl Gibson was sparkplug for the team with 239, 200 and 180 for a 619 total. Ed. Kracmer was second high for the night with 598. Gibson's 239 was high game for the night with George Miller second on a 232 game.

Legion Collects \$174 In "Yanks Who Gave" Christmas Promotion

The local American Legion annual "Gifts For Yanks Who Gave" program, which provides Christmas gifts for disabled veterans in hospitals, netted \$174.51 this year. Many veterans who are unable to help themselves were made happier at Christmas through the thoughtfulness and work of the local legion post.

John M. Brahy was chairman of the committee in charge and is to be congratulated for the fine work accomplished in the annual program.

Former Residents Die as a Result Of Leaking Stove

Mr. and Mrs. Frank Lasco, residents of Antioch for many years prior to 1913, died last Sunday as a result of asphyxiation by gas fumes from a leaking gas cooking range. They were discovered to be dead in their bed when Mrs. Frank Zuhde came to call on them Sunday morning and found the door locked at 8:30 a. m.

Officers who were summoned by Mrs. Zuhde and a neighbor forced the door and found the couple dead. A verdict of accidental death was returned by a coroner's jury. It is believed that the gas jet was opened accidentally during the night.

Mr. Lasco was 86 years old at the time of his death and was born in Pommern, Germany. He was brought to America by his parents at the age of two and lived at Channel lake most of his early life, attending school here. In 1886 he was married to Louise Hanneman. The couple lived in North Dakota briefly and then moved to Antioch, living here until they moved to Kenosha in 1913.

Mrs. Lasco was 84 at the time of her death and was also born in Germany, she spent her early life in that country, coming to Salem, Wisconsin at the age of 22.

Survivors of the couple who are known here include Mrs. Charles Oetting, Trevor; Mrs. Lillian Schultz, Salem; Mrs. William Haymes, Kenosha and Mrs. Dorothy Murphy, Kenosha.

Funeral services were observed Wednesday, January 5, at St. Luke's church, Kenosha. Burial was at Hillside cemetery, Antioch.

World Friendship Rally Sunday at Methodist Church

The Antioch Methodist Youth Fellowship will hold a World Friendship Rally this Sunday afternoon at 3:30 p. m.

The schedule for the afternoon is as follows:

3:30-4:25 p. m.—Welcoming of guests and recreation.

4:25-4:30 p. m.—Announcements of following program

4:30-5:30 p. m.—Worship service and speaker.

5:30-6:00 p. m.—Refreshments.

For a speaker we have obtained Mr. Udo U. Ekam, who has served as a principal of the Methodist Junior High school in Nigeria and who is also a lay preacher. He recently graduated from the Southwestern College of Kansas and at the present he is studying law at Northwestern University.

He will speak on the subject of "African Youth in the Church."

Six other M. Y. F. groups of surrounding churches have been invited and also any interested people of Antioch and surrounding territories are cordially invited. The larger the crowd, the bigger the success, so we hope that anyone who is interested will see fit to come.

Lions Club Will Install Officers At Party Monday

The annual ladies night of the Antioch Lions club will take place on Monday evening at Hank's, Rt. 41, Waukegan.

Installation of officers to serve during the coming year will take place and a dinner, entertainment and dancing will fill out the evening.

Bob Morley's entertaining orchestra has been engaged to furnish the music for dancing and also to accompany six other acts which have been booked.

Holiday Cheer

Every holiday season, fire brings tragedy to a long list of American homes. The special hazards that come into being at this time are responsible for a ghastly toll of death, injury and property damage. Yet every one of those hazards can be easily controlled.

One of the gravest dangers is to use lighted candles on trees, or in places about the home where they may ignite decorations or be tipped over by children. Only electric lights, of an approved type, should be employed.

Another danger is to keep trees in the house after they have dried to the danger point. They should be disposed of immediately after New Year's. Flammable decorations should never be left alone in rooms where holiday hazards exist.

The normal home hazards are present during the holidays as at every time, and in some cases they are intensified. Take special care with cast-off wrapping paper, heating plants, smoking materials, and electric cords and appliances. Remember that it is comparatively easy to prevent fire—but difficult and sometimes impossible to stop it once it starts.

There will be no cheer in the homes that fire strikes this holiday season. Make sure that yours is not among them.

* * *

Toward Better Medical Care

If anyone has an idea that the physicians of this country are fighting any and all plans that would give the American people medical attention at a cost which is within their means, he is sadly misinformed.

It is true that the great majority of doctors are strongly opposed to compulsory government health insurance, and kindred schemes which would open the gates wide to completely socialized medicine. The basic reason for this opposition is found in a statement issued by the American Medical Association, which said: "The experience of all countries where government has seized control of medical care has been progressive deterioration of the standards of that care to the serious detriment of the sick and needy."

The wholehearted cooperation and support of doctors, on the other hand, has been one of the biggest factors in the remarkable growth of the low-cost voluntary prepayment plans, which now provides a vital protection to tens of millions of citizens. These plans represent the most positive and most successful idea yet devised to lessen the economic pressure that follows unexpected illness or accident.

There is, of course, a small proportion of the population which cannot afford any kind of protection. The medical profession is aware of this, and is working to do something about it. According to Medical

Economics, the private physicians are developing a national health program of their own, and adequate care for the indigent will be one of its important provisions.

The typical doctor, in other words is interested in the best possible medical attention for the most possible people. He knows that political medicine is not the way to attain that goal.

Price Corrections

In a recent editorial, the New York Times pointed out that the prices of a considerable number of commodities have been dropping, in some cases by substantial margins. The Bureau of Labor Statistics commodity index declined from 359, as of November, 1947, to 308 in the third week of the same month in 1948. The Times said: "Price relationships have greatly improved from the standpoint of the consumer."

The reason for this is numerous and varied. Consumers have, in many instances, shown an increasing disinclination to buy "anything" at "any price", and this has had its effects. The list of scarce, hard-to-get items has rapidly dwindled, and the forces of competition have pushed some prices down. The retailers of the country, led by the chain systems, have been one of the biggest factors in the fight against inflation, by their policy of reducing costs wherever possible and holding profits to a minimum.

The main point to remember is that, in a free economy, what might be termed price corrections are automatic. The dominating influence is supply and demand. Every producer and every retailer must be continually on his toes or his business will go to some more efficient competitor. And the wasteful or greedy operator soon finds himself out on a limb.

It would be foolish indeed, however, to believe that the danger of more inflation has passed. Some of the strongest inflationary pressures still exist—such as prodigal government spending, and the demand by large segments of organized labor for ever-increasing pay without a compensation increase in labor's productivity. Bupt, regardless of what may happen in the future, the free market is again demonstrating that it responds immediately to the immutable laws of supply and demand, the ultimate effect of which no amount of legislation or price control can change.

The Low Down From Hickory Grove

A sermon on "Theory versus Practice" could take one hour or a couple weeks, but to cover same in 3 minutes, like where I step up to the plate with my 200 word essay, is not going to be long enough to bore anybody—too much.

I am not against school houses or universities or professors—or theory, in general—for to get an education you should hear all sides of all the questions you dig into. But I am against putting theories into practice on a big scale and before they are tried out on a small scale in the Lab.

Take Socialism. In some school houses and on the blackboard, the black figures at the bottom which is a profit on some venture in Govt. operation and which profit goes to the people—in theory—don't get there in real coin of the realm that you can put in the bank. Or if you do get it and put it in the bank on Monday you gotta take it out on Tuesday to pay the extra taxes you must dig up since the private company was shoved out—and Sambo took over. Samuel pays no taxes.

And further, on theory—Oregon and Washington are 2 states that savvy. In that land of promised big power—Govt. power—the citizens are now moaning because of a power shortage—and new industry is going elsewhere.

Yours with the low down,
JO SERRA

MILLBURN

Rev. L. H. Messersmith has chosen "He Loves Me, He Loves Me Not", as the topic for his sermon Sunday, Jan. 9.

The Ladies Aid society will serve the annual chicken dinner at noon Saturday, Jan. 8, with Mrs. C. P. Weber, Sr., chairman, assisted by Mrs. Emmet King, Mrs. W. C. Upton, Mrs. Carl Hughes, Mrs. Bert Edwards, Mrs. Kenneth Denman, Mrs. Roy Bonner.

The annual meeting of the Millburn Mutual Insurance Co., will be held in the Masonic hall Saturday, Jan. 8.

The annual meeting of the Millburn Cemetery Association will be held in E. A. Martin's store Monday, Jan. 10, at 1:30 o'clock.

The officers club of Millburn O. E. S. No. 570 will sponsor a card party in the Masonic hall Sat., Jan. 8, at 8 p. m. Bridge, pinocle, 500 and bunco will be played and refreshments will be served.

Richard Painter and Virginia Martin, of Chicago, and William Lentz, of Wauconda, were dinner guests at the Sundin home Thursday.

Guests at the Harley Clark home for dinner Sunday were Mr. and Mrs. Walter Fountaine, Mr. Mrs. James Bonner, of Kansasville, and Mrs. Clayton Engh and Mr. and Mrs. Ray Hauser and sons.

Mr. and Mrs. Frank Edwards were dinner guests at the John Edwards home in Libertyville Saturday.

Thirty-two attended the annual meeting of the church and First Religious Society Monday evening in the church parlor. D. H. Minto was re-elected clerk; Leslie Bonner and Verlon Groves, deacons; Deaconesses, Vivien Bonner and Mrs. Mae Boller. Organists, Mrs. Russell Doolittle and Mrs. Howard Bonner. Choir leader, Frank DeYoung, assistants, Mrs. Ray Boller and Mrs. W. A. Robbins; ushers, Robert Denman, Ernest January, Howard Bonner and Elmer Hauser. Theodore Engh was re-elected trustee for 3 years and Paul Erickson, secretary and treasurer of First Religious society to replace Gordon Bonner, who retired after 25 years in that capacity. Fine reports were given from all the organizations. Refreshments were served following the meeting.

Mr. and Mrs. Henry Randall, of Waukegan, were callers at the George DeHaan home Saturday.

Mr. and Mrs. F. C. Semrow, Sr., and Miss Agnes Wincell, of Milwaukee, and Mr. and Mrs. W. C. Upton were dinner guests at the Robert Denman home on New Year's Day.

The J. S. Denman family, Mrs. Minnetta Bonner's family, the Edwin Denman family, and Mr. and Mrs. W. S. Denman and son, of Waukegan, were dinner guests at the home of Mr. and Mrs. Earl Kane, Jr., at Diamond Lake Sunday, with 41 present.

Edwin Jones, James Cunningham, Albert and Milton Smith have returned to the University of Illinois, and Alan Thain returned to Chicago Medical school after vacations at their respective homes.

John and Alan Thain entertained 22 young people at their home New Year's Eve.

The Robert Bonner family, of Kansasville, Gordon Bonner family and Mr. and Mrs. Roy Bonner family were supper guests at the Will

Bonner home on Grand Ave., Sunday evening with 21 present.

Mr. and Mrs. H. E. Painter and Mrs. Edna Caperto, of Chicago, were dinner guests at the Edward Sundin home Wednesday evening. Mrs. Herbert Messner has been ill at her home the past week.

Due to bad roads there was a small attendance at the annual meeting of the Rosecrans local of Pure Milk Association, held in the church basement Tuesday evening, Dec. 28. A delicious ham dinner was served by the Mylo group.

Mr. and Mrs. James Runyard, of Antioch, spent New Year's eve at the E. A. Sundin home.

Mrs. Myrtle Savage, Mort Savage and Miss Josie Mann were callers at the Rod Ames home at Rosecrans Monday afternoon.

Charles Neahous, of Antioch, and Jack Neahous, of Zion, spent several days with their grandparents, Mr. and Mrs. O. P. Neahous.

Chester Hollenbeck, of Kenosha, was a caller at the O. L. Hollenbeck home Sunday.

Rev. L. H. Messersmith attend-

ed a minister's meeting in Chicago Monday.

Mr. and Mrs. Fred Tebben and son, of Waukegan, Mrs. Ida Truax and Mr. and Mrs. Robert Clark were supper guests at the George DeHaan home Saturday evening.

Mrs. Ida Truax spent New Year's eve and Saturday at the Fred Tebben home, in Waukegan.

Rev. and Mrs. Messersmith and Mrs. Ora Davis were dinner guests at the Carl Anderson home on New Year's Day.

Richard Martin returned to his work at Western Military Academy at Alton, Ill., Sunday evening.

The Minto family spent Monday with the H. M. Johanningmeier family at Plainfield.

Mr. and Mrs. Charles Lucas were dinner guests at the Harold Yukel home in Chicago on New Year's

Day, and spent the evening at the Enoch Halverson home.

Mr. and Mrs. H. M. Clark and sons, John, Glenn and Bobby were supper guests at the James Bonner home at Kansasville, Wis. Saturday.

Mr. and Mrs. Oscar Neahous spent New Year's eve at the Chris De Young home.

Fact and Scripture

The Holidays have passed—perhaps as a meteor across the darkened skies. Had you noticed Christmas is the brightest light of the year. The wise men saw a great star and they followed it. It led them to Jesus, the Savior of the world.

For unto us a child is born, unto us a son is given; and the government shall be upon his shoulder; and his name shall be called Wonderful Counsellor. The Mighty God. The everlasting Father, The Prince of Peace. Isa. 9:6

For the Son of man is not come to destroy men's lives, but to save them. Luke 9:56

10-Lewis Schwellenbach, 53, secretary of labor since 1945.

July

2-Richard Gerard Hush, 72, author of Sweet Adeline's lyrics.

SOCIETY EVENTS

TRAVEL TO BE THEME OF METHODIST FAMILY NIGHT PROGRAM TUES.

Travel will be the motif of the Methodist Family Night next Tuesday. The pot luck supper program will start at 6:30 o'clock in the church basement. Recognizing that most people cannot get away to see the scenic wonderland at this time of the year, the Family Night program is an endeavor to bring the beauty to the view of all.

Four sound pictures of scenic beauty will be shown. One will feature Bryce, Zion and Grand Canyon National Parks, another is entitled, "New England Holiday" with scenes of the historical cradle of American liberty. A third picture will bring the scenic beauty of California to the audience, featuring Mt. Shasta, Lake Tahoe, the redwoods and Monterey Peninsula.

The final picture of the evening will be a natural color film entitled, "Wings Over Latin America" featuring a tour of South America, down the east coast and returning via the west coast. Beautiful flora and fauna, primitive and colorful customs and Old World aniquity will be shown.

The Family Night programs which are held on the 2nd Tuesday of each month are open to the entire church family. Those attending are asked to bring their own table service. Rev. Tuttle announced this week that the Family Night programs for the balance of the year have been planned, and each will include an excellent program for young and old.

GRASS LAKE P. T. A. TO HAVE GET-TOGETHER PARTY

Members of the Grass Lake school Parent Teachers Association are planning a get-together, get acquainted party at Ed Smith's Resort Saturday evening, January 15, at 8 o'clock. There will be cards and refreshments. Mrs. Elsie Dunworth, chairman, announces that the public is invited to attend.

RAINBOW ADVISORY BOARD TO HOLD MEETING SUN.

All Masonic and Eastern Star members are invited to attend a meeting of the Advisory Board of Rainbow for Girls, Sunday afternoon at 2:30, at the Masonic Temple.

PARENTS OF SON

Mr. and Mrs. Roy W. Aronson, of Loon Lake, are the parents of a son, who has been named "Perry Lee". The little boy was born Sunday, January 2, at St. Therese hospital, Waukegan.

B. P. WOMEN'S CLUB HEARS TALK ON ALASKA

Sixty members and guests were present at the regular meeting of the Antioch Business and Professional club held at the Scout home Monday evening. Attorney John Knoll gave a very interesting lecture and showed movies of his travels in Alaska. Hans von Holwede entertained at the piano. Mrs. Irving Elms and her committee served a buffet lunch following the program.

MRS. DOWD HOSTESS TO INDIAN PT. WOMAN'S CLUB

Mrs. Mae Dowd was hostess to the members of the Indian Point Woman's Club at her home Thursday afternoon. Mrs. Elizabeth Haas a new member, was welcomed into the club. Lunch was served by the hostess.

Baha'i Fireside Meeting at Matthisen Home Friday

"Prayer, Its Importance in Our Daily Life," will be the subject discussed at a Baha'i Fireside meeting which will be held at the A. F. Matthisen home Friday evening at 8:30, on Highway "V", Bristol Township. This is the first of these discussion meetings to be held each Friday evening during the winter months. Interested seekers of truth are cordially invited.

The Baha'i Faith is a universal religion working for World Unity and Peace. Its national headquarters are located in Wilmette, Illinois, just across Sheridan Road, from the world famous Baha'i House of Worship, which has been erected by the voluntary contributions of believers in the Faith. The next step towards completion of this beautiful building will be to complete the interior ornamentation at an estimated cost of \$500,000.

ANNOUNCE ENGAGEMENT OF DAUGHTER

Mr. and Mrs. Daniel Leliefeld, Guttenburg, Iowa, announce the engagement of their daughter, Vera, to Mr. Clifford Mirocko, son of Mr. and Mrs. John Mirocko, of Antioch. Miss Leliefeld is a graduate of Jane McAlister School of Nursing, Victory Memorial hospital, and is now night supervisor at the Lake County hospital, Waukegan.

Thursday, Jan. 6 Epiphany Eucharist at 8 a. m.

Wednesday, Jan. 12, Annual Women's Auxiliary meeting at the home of Miss Ethel Adams. This is an important meeting and will be election of officers.

St. Ignatius' To Dedicate New Church Lights

Thursday, Jan. 6, St. Ignatius' will dedicate its new church lights. This is very fitting for Epiphany means "the shining forth" and refers to the revelation of Jesus Christ to us Gentiles who were represented in the Wise Men who came from afar to worship the Savior of the World and were given divine guidance to the place of His nativity.

The lights are the gifts of various members of the congregation, the children of the Church school, and the Women's Auxiliary. They are a two circuit Lantern Type light of the Gothic design, finished in antique bronze, and have done much to add to the worshipfulness of the Nave of the Church.

They will be dedicated at 8:00 a. m., just prior to the Epiphany Eucharist, by the Rev. E. William Strauser, and will be a constant reminder to all who see them that the purpose of a Church is to shine forth with the light borrowed from the Light of the World.

JANET MARIE SHEEHAN BAPTIZED AT ST. PETER'S SUNDAY

Janet Marie, infant daughter of Mr. and Mrs. Warren Sheehan, was baptized at St. Peter's church, December 26, with the Rev. Fr. F. M. Flaherty, officiating. Mrs. Elmer Sheehan and Richard J. Lubejko were the attendants.

Miss Billie Runyard left Antioch Friday for Palmyra, Wisconsin, to resume teaching after spending the Christmas holidays with her parents, Mr. and Mrs. Alonzo Runyard.

Donald and Leland Sage have returned to Chicago, after spending the Holiday vacation with their grandparents, Mr. and Mrs. David R. Sage, of Petite Lake. Their parents, Mr. and Mrs. Donald Sage, of Chicago, and Mr. Sain George, of Persia, were holiday guests also.

Mr. and Mrs. S. O. Brown, of Broughton, Illinois, spent the holidays with their daughter, Mrs. Luster Badger, and family.

Mr. and Mrs. Fred Franklin spent Christmas holidays in Southern Missouri, Illinois and Kentucky with friends and relatives.

Card of Thanks
I wish to thank the Rescue Squad, the Wesley Circle, the Christmas Carolers and all my friends for all their acts of kindness during my recent illness.

WE DELIVER

YOUR INCOME TAX

by
John T. Jarecki, Collector of Internal Revenue for the First District of Illinois

Article No. 3

This article summarizes those provisions of the Revenue Act of 1948 which effect a reduction in individual income taxes through the medium of increased personal exemptions, income splitting, increased standard deductions and percentage reduction of tax. Each of these new provisions will be explained in greater length separately in subsequent articles.

Personal Exemptions

The new law provides a personal exemption of \$600.00 for the taxpayer and an additional \$600.00 for the taxpayer's spouse if the spouse has no gross income and is not the dependent of another taxpayer.

Each person who has attained the age of 65 years before the end of the year will receive an additional exemption of \$600.00, which is treated in the same manner as the ordinary exemption. A married taxpayer can take the old age exemption of his spouse on his separate return if she has no gross income and is not the dependent of another taxpayer.

A further exemption of \$600.00 is allowed to each blind person. A taxpayer may also claim an additional exemption of \$600.00 for a blind spouse. The same rules govern the allowance of the exemption for the blind spouse as govern the allowance of the ordinary exemption for a spouse. This blind exemption replaces the deduction of \$500.00 allowed each blind person under the prior law.

The exemption allowed for each dependent under the new law is increased from \$500.00 to \$600.00. The tests for dependency are the same as under the prior law. It is to be noted that dependency cannot be claimed for a person having income of \$500.00 or more. It is to be noted further that the old age and blind exemptions do not apply to dependents.

Income Splitting by Husband and Wife

The new law gives husbands and wives in all states the right to file joint returns on which their combined net income and their combined exemptions are divided by two; the tax is then computed on half the income and such tax multiplied by two.

In order to split the income it is necessary for a couple to file a joint return (it cannot be done on separate returns). The gross income of the husband and wife must be totaled. Their deductions must be totaled. The net income is then divided by two and the tax is computed on half of the net income, allowing one-half of the combined exemptions. This result is multiplied by two in order to obtain the tax on the combined income of husband and wife.

Standard Deduction

The standard deduction (the 10% of adjusted gross income allowed in lieu of actual deductions) has been increased by the new law. Under the old law the maximum standard deduction was limited to \$500.

In case of a joint return of married persons or the return of a single person the maximum standard deduction is increased to \$1,000.00. Married persons filing separate returns are still limited to \$500.00.

The standard deduction on a joint return or the return of a single person thus becomes 10% of the adjusted gross income but not more than \$1,000.00.

Percentage Credits Against the Tax

The Revenue Act of 1948 does not reduce either the normal tax rate or the sur-tax rates. It achieves a reduction in tax by increasing the percentage credit allowed against the tentative normal tax and sur-tax. Under the old law the credit was 5% of the tentative tax. The credits now are:

- If the tentative tax is: Credit is:
 1. Not over \$400. 17% of the tentative tax.
 2. Over \$400, but not over over \$100,000, credit is \$68.00 plus 12% of excess over \$400.00.
 3. Over \$100,000, credit is \$120.00 plus 9.75% of excess over \$100,000.

A new limitation has been set to the total amount of tax. In no case may the total tax exceed 77% of the net income.

Bovine Tuberculosis

New anxiety about bovine tuberculosis is being expressed by the American Foundation for Animal Health, which says that outbreaks of the disease have occurred in cattle herds in many sections of the country. Farmers are urged to have their herds tested to be sure they are free of infection.

Value of Arrow Poison

Curare, ancient South American arrow poison developed as a pain killer by modern medical research, has proved to be a valuable addition to anesthetics used by the throat surgeon. Curare is used to supplement and reduce high dosages of common anesthetics.

Steaks, Raw, Broiled

A steak has a different odor when it is raw than when it is broiled and this is due to chemical changes caused by the heat.

'Empty Guns' Kill

Never point a gun at anything you do not want to shoot.

IN MEXICO

Shrimps Are Big Business

MEXICO CITY.—This is a story of how a little shrimp got to market.

It all started about 20 years ago when a group of Florida fishermen visiting the west coast of Mexico discovered extensive beds of big, fat, sweet shrimp in the blue waters of the Gulf of California.

During those 20 years the shrimp business on the west coast alone has grown into a four-million-dollar-a-year business.

As word spread on the size of the shrimp beds, Japanese fishermen moved in, obtained concessions, and agreed to show Mexicans how to catch shrimp. Fishermen said all they got was a promise.

For 10 years the Japanese monopolized the shrimp beds and operated a shuttle service with shrimp for Japan. Then in 1940 former President Abelardo L. Rodriguez told President Manuel Avila Camacho the Japanese fishing colonies on the west coast were fronts for military camps.

Cancels Concessions.

President Avila Camacho canceled concessions and Rodriguez chased the Japanese out, after agreeing to buy 20 boats and start a Mexican shrimp business.

The shrimp industries thrive from Guaymas to Mazatlan on the east coast of the Gulf of California.

The newly developed "green shrimp (uncooked)" industry has boosted the market. The current season is expected to produce more than 15 million pounds of shrimp, most of which goes to the U. S. market.

Rodriguez formed the Compania Productos Marinos de Guaymas, S. A., capitalized at 2,500,000 pesos (\$500,000). Later he turned the shrimp industry over to a group of co-operatives which operate all along the coast.

Competition Springs Up.

The Compania Productos Marinos continues to exist but other quick freezing plants have sprung up. Among the most important is Productos Congelados, S. A. at Guaymas and Pesquera de Topolobampo, on the bay of San Carlos several hundred miles south. Hundreds of refrigerated railroad cars now carry the frozen shrimp to San Diego, Calif., the main distribution center.

The headless, veined shrimp frozen in five-pound blocks and packed in waxed cartons, are shipped in 50-pound containers.

Besides 12 to 15 million pounds of frozen shrimp, about 1½ million pounds of fresh shrimp packed in crushed ice cross the border into the United States.

More than 30,000 tons of ice are used each season by the shrimp boats, plants and railroad cars.

The shrimp industry alone represents an investment in excess of 20 million pesos (four million dollars).

Californian Promotes Sale Of New Atom-Bomb Hideouts

OAKLAND, CALIF. — The hills ringing San Francisco bay will be literally honeycombed with atom-bomb hideouts if an Oakland real estate man has his way.

The people's dread of the atom bomb and the deadly radio-activity in its wake prompted Stanley B. Paul to seek out the best locations back in the valleys and gulches surrounding the 60-mile long bay.

He visions small houses with "all the necessities at hand" and protected by hills as refuges from the A-bomb blast and the subsequent hovering cloud.

Paul said he has enlisted the aid of "dozens of realty companies" from Napa, 45 miles above Oakland, to Santa Cruz, 70 miles to the south, to offer land for sale at reasonable prices.

"My main interest is to help the poor people who can't afford high priced places and who need a place close to transportation if atomic or germ warfare should come," he said.

Naturalist Hopes to Teach Kansans Snake Identification

LAWRENCE, KAS. — A movement in Kansas to give snakes a break may or may not succeed. But Russell Camp, director of the museum of natural history at the University of Kansas, said it was time people showed more consideration for snakes, especially the rodent killing, harmless types.

Of course, Camp said, there are rattlesnakes, copperheads and cottonmouth moccasins in Kansas which deserve to be killed. He hopes to educate Kansans residents in snake identification through museum exhibits of life size models of all snakes found in the state.

Snakes help the farmer, Camp added, by eating rodents that eat grain.

He said that snake killing once got so bad in South Carolina that the state had to send outside for a new supply of non-poisonous reptiles. And in California, it is against the law to kill non-poisonous snakes.

The trouble is, Camp said, most people get excited and don't take time to make proper identification.

LAKE VILLA

"The Stewardship of Time" is the sermon topic chosen by Rev. T. E. Rodd for the worship service at the Community church next Sunday morning at 11 o'clock. You are welcome.

The Senior and Junior Youth Fellowship groups met at the church together last Sunday evening for a business session discussion and games and next Sunday at 3:30 p. m. they will attend a rally at the Antioch church when Ugo U. Ekam, a Methodist Layman from Nigeria will tell of his native land. In the evening they will meet at the church and if conditions are favorable will have a sleigh ride sponsored by the girls' basketball team, which meets for practice on Tuesdays and Wednesdays after school and at 10 a. m. on Saturday.

Mr. and Mrs. Neil Reidel and daughters were guests of Mr. Reidel's father and brother's family at Diamond Lake on New Year's Day, and Donna, who had spent part of her vacation there returned home.

Bruce Hamlin visited friends and relatives in Chicago over New Year's.

The officers of Millburn chapter O. E. S. No. 570 are sponsoring a card party at the Millburn Masonic hall on Saturday, Jan. 8, at 8 p. m. Refreshments will be served. Mrs. A. H. Johnson is chairman.

The Lake Villa Community Men's Club is sponsoring a public card party at the school gym on Saturday evening, Jan. 22, when all popular games will be played. Refreshments will be served. This is to help the club in the work they carry on for the benefit of the community. Their next meeting is on Tuesday, Jan. 12, when they have their regular dinner at the school gym, and after the dinner will show pictures of the World's Series games.

Mrs. Daisy Riney spent last week in Chicago with her granddaughters Mrs. George Barth and her sister and their families.

Frankie Kapple, son of Mr. and Mrs. Edwin Kapple, of Chicago, spent last week with his grandparents, Mr. and Mrs. Albert Kapple.

Mr. and Mrs. William Marks and mother, Mrs. Gillette, were at Goshen, Ind., to spend Christmas with Mr. Marks' mother and sister there.

Mr. and Mrs. Wesley Blumen-schein and son, of St. Paul, came to spend the New Year's with their parents and brothers here. They came Thursday and returned Saturday as Mrs. Blumen-schein is organist at the Central Park Presbyterian church and was home for the Sunday services. The Gordon Blumen-schein family was also present at the family dinner on Saturday.

Mr. and Mrs. Edward Kelly, of Lincoln, Nebr., called on their aunt, Mrs. Clarence Blumen-schein last Thursday. Edward is in college at Lincoln and his wife is also a part time student.

Mr. Clarence Blumen-schein and son, Kenneth, were Kenosha visitors last Friday.

Mr. and Mrs. Henry Cable, Mrs. Anne Nelson and Arthur Nelson were guests of Mr. and Mrs. Clarence Blumen-schein last Thursday evening.

Mr. and Mrs. Murray Norton, of Oswego, Ill., were guests of their niece, Mrs. T. E. Rodd, and family at the parsonage last Sunday and attended services at the Community church.

Mr. and Mrs. Frank Argelander and son, Ronnie, of Evanston, were house guests of the parsonage family over the weekend. Mr. Argelander is a student at Garrett Biblical Institute and was a former classmate of Rev. Rodd at Oberlin college in Ohio.

Miss Sue Weber returned Monday to her studies at Carleton college, after spending the holidays with her parents here.

Philip Carson, son of the former teacher, Mr. and Mrs. C. W. Carson, now of California, spent the holidays as guest of the Wm. Weber family. He is a student at U. of Minnesota, taking forestry.

The Royal Neighbor Officers' club held a meeting with Mrs. Paul Avery, Sr., on Monday afternoon and made plans for installation of officers on January 11. Mrs. Marie Hamlin was assisting hostess.

Mr. and Mrs. Chris Anderson entertained their neighbors, Mr. and Mrs. Brooks, also Mr. and Mrs. George Helm and mother, Mrs. Schrum at cards last Thursday evening and on New Year's Eve Mr. and Mrs. Helm entertained the group.

Mr. and Mrs. Chris Anderson and Mrs. Schrum were in Chicago on Sunday to celebrate the Anderson's granddaughter's Marilyn Wobell's birthday anniversary.

The Cosmopolitans, a group of young people under the leadership of Dr. Midgley held their second annual New Year's party at the school gym on New Year's Eve. The place was decorated with many Christmas trees about the room and with the girls in formal dress, it made a pretty picture. Dancing was enjoyed up to a late hour.

A group of young married couples enjoyed a New Year's dancing party at the recreation room of the fire station last Friday night. Refreshments were served and they watched the old year out and the New Year in.

C. W. Reineback, Village Clerk announces that Village vehicle stickers, although not due until

July 1st, are available now to those who want them.

Mr. and Mrs. Don Sommers entertained their parents, Mr. and Mrs. Jay Sommers, and other relatives at a family dinner Christmas Day.

ANTIOCH WOMAN'S CLUB MEMBERS HEAR BOOK REVIEW

Mrs. Arthur Highgate, of Wauconda, gave an interesting review of Betty McDonald's book "The Plague and I" at a meeting of the Antioch Woman's club Monday afternoon at the Scout home. Hostesses for the afternoon were Mesdames Eugene Sheehan, A. L. Shenk, P. E. Chinn, M. M. Stillson, Frank Powles and C. A. Wolfenbarger.

The regular business meeting of the Woman's Society of the Methodist church was held at the church Wednesday afternoon. An interesting program was presented by Mrs. M. C. Cain.

Night Crimes and Accidents

Of the fatal traffic accidents reported in Washington, D. C., for one month, 83 per cent occurred at night, and 80 per cent of the night deaths were pedestrians. The reports reveal crimes against women much more numerous after dark, with night-time purse-snatchings 79 per cent of the total and assaults 57 per cent.

Fastest Train Time

One spring morning in 1905 the Pennsylvania railroad's Broadway Limited, rushing to make up lost time on its first scheduled 18 hour run from New York City to Chicago, flashed over a three mile stretch of track in Ohio at a speed of 127.1 miles an hour. No other train composed of standard equipment has ever equaled that record; in the United States or anywhere else in the world.

Care of Pillows

Pillows should be gently plumped up every day when making the beds—not pounded or beaten, as this breaks the feathers. On linen-changing day if the pillows without slips are placed in an open window, the fresh air will fluff up the pillows. During housecleaning time pillows can be aired outdoors, but not in the sunshine as the heat dries the feathers.

Radar and Storms

Radar was used during the war to "see" electrically the planes and ships of friends and foe in daylight, darkness or fog, far beyond the range of the human eye. With its radar a ship could navigate into a harbor in a pea-soup fog. Today scientists are using radar to map and study storms in a 200-mile circle around a weather station at Wilmington, Ohio.

AUCTION

At the Lawrence Prince farm residence, located on Hwy. 83, at the south east limits of the village of Diamond Lake, being ¼ mile west of Hwy. 45, and located at the intersection of Hwys. 83 and 59A, 1½ miles south of Mundelein, 5 miles northeast of Lake Zurich, 3½ miles west of Half Day, on

SATURDAY, JANUARY 15, AT 12:30 O'CLOCK
K & M LUNCH WAGON

CATTLE—13 Holstein, Guernsey and Jersey cows, consisting of 3 cows with calf at side; 5 springers; 2 recently fresh, balance milking good. Choice Guernsey bull, 14 months old. This is a young herd with yearly average test of 4.5%. T. B. and Bangs tested.

MACHINERY—J. D. Model "A" tractor on rubber (recently overhauled), with a new 2 row power lift cultivator; new McD. 2-bottom 16 inch tractor plow; new D. B. 3-section drag; McD. 7 ft. tractor disc (good condition); McD. corn planter with fertilizer attachment (excellent condition); McD. manure spreader, on rubber (like new); Int. 9 ft. grain drill, with grass seed attachment; new D. B. 7 ft. tractor mower; McD. side delivery rake (good condition); Int. hay loader; rubber tired wagon and rack; J. D. corn binder (good condition); 18 ft. D. B. elevator with 1½ h. p. electric motor; new M. H. hammer mill; Letz combination mill; D. B. steel wheel wagon and triple box.

MILKING EQUIPMENT—New Farm-Master milk, machine with 2 stainless steel pails (complete); Surge electric water heater; 10 milk cans; 2 sterilizing tanks; strainer; stirrer; pails; etc.

MISCELLANEOUS—Stewart electric clipper; 60 fence posts for electric fence; insulator; aluminum wire; electric fence controller; weed sprayer; wheel barrow; 2 galvanized stock tanks; chick brooder; 4 chick feeders; hand grass seeder; shoveling board; and numerous other articles.

SOCIETY EVENTS

TRAVEL TO BE THEME OF METHODIST FAMILY NIGHT PROGRAM TUES.

Travel will be the motif of the Methodist Family Night next Tuesday. The pot luck supper program will start at 6:30 o'clock in the church basement. Recognizing that most people cannot get away to see the scenic wonderland at this time of the year, the Family Night program is an endeavor to bring the beauty to the view of all.

Four sound pictures of scenic beauty will be shown. One will feature Bryce, Zion and Grand Canyon National Parks, another is entitled, "New England Holiday" with scenes of the historical cradle of American liberty. A third picture will bring the scenic beauty of California to the audience, featuring Mt. Shasta, Lake Tahoe, the redwoods and Monterey Peninsula. The final picture of the evening will be a natural color film entitled, "Wings Over Latin America" featuring a tour of South America, down the east coast and returning via the west coast. Beautiful flora and fauna, primitive and colorful customs and Old World antiquity will be shown.

The Family Night programs which are held on the 2nd Tuesday of each month are open to the entire church family. Those attending are asked to bring their own table service. Rev. Tuttle announced this week that the Family Night programs for the balance of the year have been planned, and each will include an excellent program for young and old.

GRASS LAKE P. T. A. TO HAVE GET-TOGETHER PARTY

Members of the Grass Lake school Parent Teachers Association are planning a get-together, get acquainted party at Ed Smith's Resort Saturday evening, January 15, at 8 o'clock. There will be cards and refreshments. Mrs. Elsie Dunworth, chairman, announces that the public is invited to attend.

RAINBOW ADVISORY BOARD TO HOLD MEETING SUN.

All Masonic and Eastern Star members are invited to attend a meeting of the Advisory Board of Rainbow for Girls, Sunday afternoon at 2:30, at the Masonic Temple.

PARENTS OF SON

Mr. and Mrs. Roy W. Aronson, of Loon Lake, are the parents of a son, who has been named "Perry Lee". The little boy was born Sunday, January 2, at St. Therese hospital, Waukegan.

B. P. WOMEN'S CLUB HEARS TALK ON ALASKA

Sixty members and guests were present at the regular meeting of the Antioch Business and Professional club held at the Scout home Monday evening. Attorney John Knoll gave a very interesting lecture and showed movies of his travels in Alaska. Hans von Holwede entertained at the piano. Mrs. Irving Elms and her committee served a buffet lunch following the program.

MRS. DOWD HOSTESS TO INDIAN PT. WOMAN'S CLUB

Mrs. Mae Dowd was hostess to the members of the Indian Point Woman's Club at her home Thursday afternoon. Mrs. Elizabeth Haas a new member, was welcomed into the club. Lunch was served by the hostess.

Baha'i Fireside Meeting at Matthisen Home Friday

"Prayer, Its Importance in Our Daily Life," will be the subject discussed at a Baha'i Fireside meeting which will be held at the A. F. Matthisen home Friday evening at 8:30, on Highway "V", Bristol Township. This is the first of these discussion meetings to be held each Friday evening during the winter months. Interested seekers of truth are cordially invited.

The Baha'i Faith is a universal religion working for World Unity and Peace. Its national headquarters are located in Wilmette, Illinois, just across Sheridan Road, from the world famous Baha'i House of Worship, which has been erected by the voluntary contributions of believers in the Faith. The next step towards completion of this beautiful building will be to complete the interior ornamentation at an estimated cost of \$500,000.

ANNOUNCE ENGAGEMENT OF DAUGHTER

Mr. and Mrs. Daniel Lellefeld, Guttenburg, Iowa, announce the engagement of their daughter, Vera, to Mr. Clifford Mirocko, son of Mr. and Mrs. John Mirocko, of Antioch. Miss Lellefeld is a graduate of Jane McAllister School of Nursing, Victory Memorial hospital, and is now night supervisor at the Lake County hospital, Waukegan.

Wednesday, Jan. 12, Annual Women's Auxiliary meeting at the home of Miss Ethel Adams. This is an important meeting and will be election of officers.

St. Ignatius' To Dedicate New Church Lights
Thursday, Jan. 6, St. Ignatius' will dedicate its new church lights. This is very fitting for Epiphany means "the shining forth" and refers to the revelation of Jesus Christ to us Gentiles who were represented in the Wise Men who came from afar to worship the Savior of the World and were given divine guidance to the place of His nativity.

The lights are the gifts of various members of the congregation, the children of the Church school, and the Women's Auxiliary. They are a two circuit Lantern Type light of the Gothic design, finished in antique bronze, and have done much to add to the worshipfulness of the Nave of the Church.

They will be dedicated at 8:00 a. m., just prior to the Epiphany Eucharist, by the Rev. E. William Strauser, and will be a constant reminder to all who see them that the purpose of a Church is to shine forth with the light borrowed from the Light of the World.

JANET MARIE SHEEHAN BAPTIZED AT ST. PETER'S SUNDAY
Janet Marie, infant daughter of Mr. and Mrs. Warren Sheehan, was baptized at St. Peter's church, December 26, with the Rev. Fr. F. M. Flaherty officiating. Mrs. Elmer Sheehan and Richard J. Lubejko were the attendants.

Miss Billie Runyard left Antioch Friday for Palmyra, Wisconsin, to resume teaching after spending the Christmas holidays with her parents, Mr. and Mrs. Alonzo Runyard.

Donald and Leland Sage have returned to Chicago, after spending the Holiday vacation with their grandparents, Mr. and Mrs. David R. Sage, of Petite Lake. Their parents, Mr. and Mrs. Donald Sage, of Chicago, and Mr. Sain George, of Persia, were holiday guests also.

Mr. and Mrs. S. O. Brown, of Broughton, Illinois, spent the holidays with their daughter, Mrs. Luster Badger, and family.

Mr. and Mrs. Fred Franklin spent Christmas holidays in Southern Missouri, Illinois and Kentucky with friends and relatives.

Card of Thanks
I wish to thank the Rescue Squad, the Wesley Circle, the Christmas Carolers and all my friends for all their acts of kindness during my recent illness.

WE DELIVER

YOUR INCOME TAX

by
John T. Jarecki, Collector of Internal Revenue for the First District of Illinois

Article No. 3

This article summarizes those provisions of the Revenue Act of 1948 which effect a reduction in individual income taxes through the medium of increased personal exemptions, income splitting, increased standard deductions and percentage reduction of tax. Each of these new provisions will be explained in greater length separately in subsequent articles.

Personal Exemptions

The new law provides a personal exemption of \$600.00 for the taxpayer and an additional \$600.00 for the taxpayer's spouse if the spouse has no gross income and is not the dependent of another taxpayer.

Each person who has attained the age of 65 years before the end of the year will receive an additional exemption of \$600.00, which is treated in the same manner as the ordinary exemption. A married taxpayer can take the old age exemption of his spouse on his separate return if she has no gross income and is not the dependent of another taxpayer.

A further exemption of \$600.00 is allowed to each blind person. A taxpayer may also claim an additional exemption of \$600.00 for a blind spouse. The same rules govern the allowance of the exemption for the blind spouse as govern the allowance of the ordinary exemption for a spouse. This blind exemption replaces the deduction of \$500.00 allowed each blind person under the prior law.

The exemption allowed for each dependent under the new law is increased from \$500.00 to \$600.00. The tests for dependency are the same as under the prior law. It is to be noted that dependency cannot be claimed for a person having income of \$500.00 or more. It is to be noted further that the old age and blind exemptions do not apply to dependents.

Income Splitting by Husband and Wife

The new law gives husbands and wives in all states the right to file joint returns on which their combined net income and their combined exemptions are divided by two; the tax is then computed on half the income and such tax multiplied by two.

In order to split the income it is necessary for a couple to file a joint return (it cannot be done on separate returns). The gross income of the husband and wife must be totaled. Their deductions must be totaled. The net income is then divided by two and the tax is computed on half of the net income, allowing one-half of the combined exemptions. This result is multiplied by two in order to obtain the tax on the combined income of husband and wife.

Standard Deduction

The standard deduction (the 10% of adjusted gross income allowed in lieu of actual deductions) has been increased by the new law. Under the old law the maximum standard deduction was limited to \$500. in case of a joint return of married persons or the return of a single person the maximum standard deduction is increased to \$1,000.00. Married persons filing separate returns are still limited to \$500.00.

The standard deduction on a joint return or the return of a single person thus becomes 10% of the adjusted gross income but not more than \$1,000.00.

Percentage Credits Against the tax
The Revenue Act of 1948 does not reduce either the normal tax rate or the sur-tax rates. It achieves a reduction in tax by increasing the percentage credit allowed against the tentative normal tax and sur-tax. Under the old law the credit was 5% of the tentative tax. The credits now are:

If the tentative tax is: Credit is:
1. Not over \$400. 17% of the tentative tax.
2. Over \$400. but not over over \$100,000., credit is \$68.00 plus 12% of excess over \$400.00.
3. Over \$100,000.00, credit is \$120.00 plus 9.75% of excess over \$100,000.
A new limitation has been set to the total amount of tax. In no case may the total tax exceed 77% of the net income.

Bovine Tuberculosis

New anxiety about bovine tuberculosis is being expressed by the American Foundation for Animal Health, which says that outbreaks of the disease have occurred in cattle herds in many sections of the country. Farmers are urged to have their herds tested to be sure they are free of infection.

Value of Arrow Poison

Curare, ancient South American arrow poison developed as a pain killer by modern medical research, has proved to be a valuable addition to anesthetics used by the throat surgeon. Curare is used to supplement and reduce high doses of common anesthetics.

Steaks, Raw, Broiled

A steak has a different odor when it is raw than when it is broiled and this is due to chemical changes caused by the heat.

'Empty Guns' Kill

Never point a gun at anything you do not want to shoot.

IN MEXICO

Shrimps Are Big Business

MEXICO CITY.—This is a story of how a little shrimp got to market.

It all started about 20 years ago when a group of Florida fishermen visiting the west coast of Mexico discovered extensive beds of big, fat, sweet shrimp in the blue waters of the Gulf of California.

During those 20 years the shrimp business on the west coast alone has grown into a four-million-dollar-a-year business.

As word spread on the size of the shrimp beds, Japanese fishermen moved in, obtained concessions, and agreed to show Mexicans how to catch shrimp. Fishermen said all they got was a promise.

For 10 years the Japanese monopolized the shrimp beds and operated a shuttle service with shrimp for Japan. Then in 1940 former President Abelardo L. Rodriguez told President Manuel Avila Camacho the Japanese fishing colonies on the west coast were fronts for military camps.

Cancels Concessions.

President Avila Camacho canceled concessions and Rodriguez chased the Japanese out, after agreeing to buy 20 boats and start a Mexican shrimp business.

The shrimp industries thrive from Guaymas to Mazatlan on the east coast of the Gulf of California.

The newly developed "green shrimp (uncooked)" industry has boosted the market. The current season is expected to produce more than 15 million pounds of shrimp, most of which goes to the U. S. market.

Rodriguez formed the Compania Productos Marinos de Guaymas, S. A., capitalized at 2,500,000 pesos (\$500,000). Later he turned the shrimp industry over to a group of co-operatives which operate all along the coast.

Competition Springs Up.

The Compania Productos Marinos continues to exist but other quick freezing plants have sprung up. Among the most important is Productos Congelados, S. A. at Guaymas and Pesquera de Topolobampo, on the bay of San Carlos several hundred miles south. Hundreds of refrigerated railroad cars now carry the frozen shrimp to San Diego, Calif., the main distribution center.

The headless, veined shrimp frozen in five-pound blocks and packed in waxed cartons, are shipped in 50-pound containers.

Besides 12 to 15 million pounds of frozen shrimp, about 1½ million pounds of fresh shrimp packed in crushed ice cross the border into the United States.

More than 30,000 tons of ice are used each season by the shrimp boats, plants and railroad cars.

The shrimp industry alone represents an investment in excess of 20 million pesos (four million dollars).

Californian Promotes Sale Of New Atom-Bomb Hideouts

OAKLAND, CALIF. — The hills ringing San Francisco bay will be literally honeycombed with atom-bomb hideouts if an Oakland real estate man has his way.

The people's dread of the atom bomb and the deadly radio-activity in its wake prompted Stanley B. Paul to seek out the best locations back in the valleys and gulches surrounding the 60-mile long bay.

He visions small houses with "all the necessities at hand" and protected by hills as refuges from the A-bomb blast and the subsequent hovering cloud.

Paul said he has enlisted the aid of "dozens of realty companies" from Napa, 45 miles above Oakland, to Santa Cruz, 70 miles to the south, to offer land for sale at reasonable prices.

"My main interest is to help the poor people who can't afford high priced places and who need a place close to transportation if atomic or germ warfare should come," he said.

Naturalist Hopes to Teach Kansans Snake Identification

LAWRENCE, KAS. — A movement in Kansas to give snakes a break may or may not succeed. But Russell Camp, director of the museum of natural history at the University of Kansas, said it was time people showed more consideration for snakes, especially the rodent killing, harmless types.

Of course, Camp said, there are rattlesnakes, copperheads and cottonmouth moccasins in Kansas which deserve to be killed. He hopes to educate Kansans residents in snake identification through museum exhibits of life size models of all snakes found in the state.

Snakes help the farmer, Camp added, by eating rodents that eat grain.

He said that snake killing once got so bad in South Carolina that the state had to send outside for a new supply of non-poisonous reptiles. And in California, it is against the law to kill non-poisonous snakes.

The trouble is, Camp said, most people get excited and don't take time to make proper identification.

LAKE VILLA

"The Stewardship of Time" is the sermon topic chosen by Rev. T. E. Rodd for the worship service at the Community church next Sunday morning at 11 o'clock. You are welcome.

The Senior and Junior Youth Fellowship groups met at the church together last Sunday evening for a business session discussion and games and next Sunday at 3:30 p. m. they will attend a rally at the Antioch church when Udo U. Ekam a Methodist Layman from Nigeria will tell of his native land. In the evening they will meet at the church and if conditions are favorable will have a sleigh ride sponsored by the girl's basketball team, which meets for practice on Tuesdays and Wednesdays after school and at 10 a. m. on Saturday.

Mr. and Mrs. Neil Reidel and daughters were guests of Mr. Reidel's father and brother's family at Diamond Lake on New Year's Day, and Donna, who had spent part of her vacation there returned home.

Bruce Hamlin visited friends and relatives in Chicago over New Years.

The officers of Millburn chapter O. E. S. No. 570 are sponsoring a card party at the Millburn Masonic hall on Saturday, Jan. 8, at 8 p. m. Refreshments will be served. Mrs. A. H. Johnson is chairman.

The Lake Villa Community Men's Club is sponsoring a public card party at the school gym on Saturday evening, Jan. 22, when all popular games will be played. Refreshments will be served. This is to help the club in the work they carry on for the benefit of the community. Their next meeting is on Tuesday, Jan. 12, when they have their regular dinner at the school gym, and after the dinner will show pictures of the World's Series games.

Mrs. Daisy Riney spent last week in Chicago with her granddaughters Mrs. George Barth and her sister and their families.

Frankie Kapple, son of Mr. and Mrs. Edwin Kapple, of Chicago, spent last week with his grandparents, Mr. and Mrs. Albert Kapple.

Mr. and Mrs. William Marks and mother, Mrs. Gillette, were at Goshen, Ind., to spend Christmas with Mr. Marks' mother and sister there.

Mr. and Mrs. Wesley Blumen-schein and son, of St. Paul, came to spend the New Years with his parents and brothers here. They came Thursday and returned Saturday as Mrs. Blumen-schein is organist at the Central Park Presbyterian church and was home for the Sunday services. The Gordon Blumen-schein family was also present at the family dinner on Saturday.

Mr. and Mrs. Edward Kelly, of Lincoln, Neb., called on their aunt, Mrs. Clarence Blumen-schein last Thursday. Edward is in college at Lincoln and his wife is also a part time student.

Mr. Clarence Blumen-schein and son, Kenneth, were Kenosha visitors last Friday.

Mr. and Mrs. Henry Cable, Mrs. Anne Nelson and Arthur Nelson were guests of Mr. and Mrs. Clarence Blumen-schein last Thursday evening.

Mr. and Mrs. Murray Norton, of Oswego, Ill., were guests of their niece, Mrs. T. E. Rodd, and family at the parsonage last Sunday and attended services at the Community church.

Mr. and Mrs. Frank Argelander and son, Ronnie, of Evanston, were house guests of the parsonage family over the weekend. Mr. Argelander is a student at Garrett Biblical Institute and was a former classmate of Rev. Rodd at Oberlin college in Ohio.

Miss Sue Weber returned Monday to her studies at Carleton college, after spending the holidays with her parents here.

Philip Carson, son of the former teacher, Mr. and Mrs. C. W. Carson, now of California, spent the holidays as guest of the Wm. Weber family. He is a student at U. of Minnesota, taking forestry.

The Royal Neighbor Officers' club held a meeting with Mrs. Paul Avery, Sr., on Monday afternoon and made plans for installation of officers on January 11. Mrs. Marie Hamlin was assisting hostess.

Mr. and Mrs. Chris Anderson entertained their neighbors, Mr. and Mrs. Brooks, also Mr. and Mrs. George Helm and mother, Mrs. Schrum at cards last Thursday evening and on New Year's Eve Mr. and Mrs. Helm entertained the group.

Mr. and Mrs. Chris Anderson and Mrs. Schrum were in Chicago on Sunday to celebrate the Anderson's granddaughter's Marilyn Wobell's birthday anniversary.

The Cosmopolitans, a group of young people under the leadership of Dr. Midgley held their second annual New Year's party at the school gym on New Year's Eve. The place was decorated with many Christmas trees about the room and with the girls in formal dress, it made a pretty picture. Dancing was enjoyed up to a late hour.

A group of young married couples enjoyed a New Year's dancing party at the recreation room of the fire station last Friday night. Refreshments were served and they watched the old year out and the New Year in.

C. W. Reinebeck, Village Clerk announces that Village vehicle stickers, although not due until

July 1st, are available now to those who want them.

Mr. and Mrs. Don Sommers entertained their parents, Mr. and Mrs. Jay Sommers, and other relatives at a family dinner Christmas Day.

ANTIOCH WOMAN'S CLUB MEMBERS HEAR BOOK REVIEW

Mrs. Arthur Highgate, of Wauconda, gave an interesting review of Betty McDonalds' book "The Plague and I" at a meeting of the Antioch Woman's club Monday afternoon at the Scout home. Hostesses for the afternoon were Mesdames Eugene Sheehan, A. L. Shenk, P. E. Chinn, M. M. Stillson, Frank Powles and C. A. Wolfenbarger.

The regular business meeting of the Woman's Society of the Methodist church was held at the church Wednesday afternoon. An interesting program was presented by Mrs. M. C. Cain.

Night Crimes and Accidents

Of the fatal traffic accidents reported in Washington, D. C., for one month, 83 per cent occurred at night, and 80 per cent of the night deaths were pedestrians. The reports reveal crimes against women much more numerous after dark, with night-time purse-snatchings 79 per cent of the total and assaults 57 per cent.

Fastest Train Time

One spring morning in 1905 the Pennsylvania railroad's Broadway Limited, rushing to make up lost time on its first scheduled 18 hour run from New York City to Chicago, flashed over a three mile stretch of track in Ohio at a speed of 127.1 miles an hour. No other train composed of standard equipment has ever equaled that record; in the United States or anywhere else in the world.

Care of Pillows

Pillows should be gently plumped up every day when making the beds—not pounded or beaten, as this breaks the feathers. On linen-changing day if the pillows without slips are placed in an open window, the fresh air will fluff up the pillows. During housecleaning time pillows can be aired outdoors, but not in the sunshine as the heat dries the feathers.

Radar and Storms

Radar was used during the war to "see" electrically the planes and ships of friends and foe in daylight, darkness or fog, far beyond the range of the human eye. With its radar a ship could navigate into a harbor in a pea-soup fog. Today scientists are using radar to map and study storms in a 200-mile circle around a weather station at Wilmington, Ohio.

AUCTION

At the Lawrence Prince farm residence, located on Hwy. 83, at the south east limits of the village of Diamond Lake, being ¼ mile west of Hwy. 45, and located at the intersection of Hwys. 83 and 59A, 1½ miles south of Mundelein, 5 miles northeast of Lake Zurich, 3½ miles west of Half Day, on

Mr. and Mrs. Ward Edwards and sons, from Rockford, spent Sunday at the Bert Edwards home. Mrs. Eva Ailing, of Waukegan, visited the Edwards home Sunday afternoon.

Mr. and Mrs. Curtis Wells and Shirley, Richard and Warren spent Thursday evening with the Andrew Magiera family, of Gurnee. Andy has been sick in bed with the mumps, Thursday, Dec. 30, was the Magiera's wedding anniversary.

The officers of Millburn Chapter O. E. S. No. 570 are sponsoring a card party at Millburn Masonic hall on Jan. 8, at 8 p. m. Bridge, 500 pinochle and bunco will be played. Refreshments will be served. James Stonis was a guest at the

Gorden Wells home on New Year's Day.

Myron Bennett, of Des Moines, Iowa, called at the Fred Leable home on New Year's Day. He came to Kenosha to see his mother, Mrs. Ethel Bennett, who underwent an eye operation at the Kenosha hospital Friday morning, Dec. 31.

Mr. and Mrs. Gordon Wells and family visited Mr. and Mrs. Robert Panzer and family at Kansasville, Wis., on Sunday afternoon.

Rail Revenue

A fourth of the total operating revenue of railroads comes from the transportation of farm goods.

Stubble-Mulch Tillage

More than 15 million acres of farm land in the United States were under stubble-mulch tillage this year.

Early Atlantic Crossing
First Cunarder, the paddle steamship Britannia, sailed from Liverpool for Boston on July 4, 1840.

Bird Banding

Bird banding has solved the riddle of where most birds winter. Many stop during the cold weather in southern United States; other species stop in Central America; and yet others fly far south of the equator, spending their winters in Central South America.

"Good Old Days"
Over 100 years ago at Delmonico's in New York the price of beef steak was four cents. This was when Andrew Jackson was President. There was no government debt. Federal taxes were few and far between.

Largest Restaurant

World's largest restaurant is in Rockefeller Center in New York City. It serves more than 10 tons of food in 24 hours.

Lowers Fuel Bill
Tests conducted by Tennessee Valley authority revealed that a house completely insulated with mineral wool reduced the fuel bill by 45 per cent.

Hog Wise Feeder
Although corn is considered the basal swine feed, the hog can utilize a larger variety of feeds to greater advantage than any other farm animal.

For an Onion Flavor
Next time you are making sandwiches, slip the knife with which you are slicing tomatoes into an onion several times while slicing each tomato. This will give a delicate onion flavor, but the onion taste will not be strong enough to be unpleasant.

Spanish-American War
Spanish-American war followed the sinking of the battleship Maine in Havana harbor, February 15, 1898.

Remarkable Rose Bush
What is believed to be the world's largest rosebush is at Tombstone, Ariz. A white Banksia 50 years old, it has a trunk more than 40 inches in diameter and had an estimated 150,000 blooms in May.

Egg Shells for Livestock
Egg shells are an excellent source of calcium and the calcium is almost 100 per cent digestible. Calcium is essential in bone development and is added to livestock feeds.

**Join this army
and see the World!**

HERE'S one army you'll be tickled to death to sign up with—and for a good, long hitch at that.

It's the growing band of happy folks who are stepping out in tidy new 1949 Buicks—and they've got plenty to sound off about.

Mobility for instance. All the life and zing of big Fireball power plants, cradled to velvet smoothness on Hi-Poised engine mountings.

Silk-smooth operation on city street or open highway through the near-magic of Dynaflo Drive, available now on the Buick SUPER as well as the ROADMASTER.

Easy-going ground coverage from soft coil springs and pillowy big tires on oversize rims.

And what a wonderful outlook you find

Standard on ROADMASTER, optional at extra cost on SUPER models.

here! Through broad, high, full-curving windshields that really let you see.

Through deep, airy side windows that send the whole countryside passing in review—through wide, one-piece rear windows that make parking and backing much easier.

Statistically, the fact is that 4-door Sedans have 22% more glass area than before. Practically, the thing to do is sit in one of these beauties—and note how beautifully you can see the world.

Note, while you're at it, the figures on your dealer's price tags. Even they are part of a mighty happy picture that makes it advisable to get your order in without delay.

When better automobiles are built BUICK will build them

TODAY'S DELIVERED PRICES

INCLUDING RADIO, UNDERSEAT HEATER, DEFROSTER, WINDSHIELD WASHER, BACK-UP LIGHTS—AND DYNAFLO DRIVE ON ROADMASTER MODELS.

Mr. and Mrs. Frank Zarnstorff, Sr., Mr. and Mrs. Clifford Schaal and son.

Sr., Mr. and Mrs. Alfred Oetting and family, Mr. and Mrs. Clifford Schaal and son, Mr. and Mrs. Henry Proost, Mr. and Mrs. Hardy Schmalfeldt and family and Sophie Schmalfeldt attended a birthday party of Jack Zarnstorff at the home of Mr. and Mrs. Floyd Zarnstorff.

Hunter's Precaution
Never climb a tree or a fence with a loaded gun.

Land of Few Cows
Daily products are seldom eaten by the average Chinese. As a consequence, their diets are low in vitamin A, and night-blindness is very common.

May Blow Fuse
Plugging too many electric appliances into one outlet cuts the current and means less power and dimmer lights.

Upholstering

Have your worn out living room furniture rebuilt, it will be better than what you can buy now and cost less.

Samples of covering and estimate on request

All loose joints will be reglued and all new inside material used.

SOO QUIZ: How come the cowcatcher?

It's no accident that Soo Line fast freights "catch" a lot of cow traffic. Rather, proof that Upper Midwest cattlemen count on the Soo Line to rush their cattle to major markets at maximum speed with minimum weight loss.

In the early 1830's, the first cowcatcher consisted of two iron spears. Very effective—but quite fatal to the cows! A protective crossbar added, the cowcatcher gradually evolved into a V-shaped grill of steel bars. As Soo Line Diesels take over, the old-fashioned type cowcatcher is fast disappearing... but not speedy, dependable Soo freight service.

New Chevrolet for '49

Tested and Proved...

ON THE WORLD'S TOUGHEST PROVING GROUND!

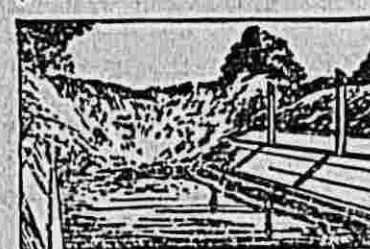

Mile after mile they put it through its paces... proved its speed, its acceleration, its economy!

Proved on the toughest grades... the new Chevrolet takes hills in its stride. Its power will thrill you.

The punishing granite blocks of this "torment trail" PROVED Chevrolet's ability to absorb punishment!

This is where Chevrolet for 1949 was PROVED to be weather-proof and waterproof!

At the General Motors Proving Ground there are men who are experts at ruining cars! "Find the flaws... get the facts" is their motto. And so, when Chevrolet for 1949 was delivered to their "tender" mercy, they put it through its paces so vigorously and so thoroughly that there was no chance for basic weaknesses to go undetected. What a break for the buyer...

instead of an experimental or untried car, he gets a car that has PROVED economy, PROVED stamina, PROVED comfort, PROVED handling-ease! Only Chevrolet, in the low-priced field, has passed through the rigors of the "World's Toughest Proving Ground" and comes to you thoroughly TESTED, thoroughly PROVED and thoroughly APPROVED!

FARM INCOME TAX SERVICE

A representative of the Internal Revenue office will be at the Farm Bureau office at Grayslake, Monday and Tuesday, January 10 and 11, to assist farmers in filling out their income tax form. Anyone desiring this service should call at the Farm Bureau office.

Abortion in Sheep

Most cases of vibronic (infectious) abortion in sheep occur in cold weather. The reason: "vibrio fetus," the germ that causes this disease, which often results in heavy losses of lambs, thrives best in frigid temperatures. Tests have shown that at 45 degrees F. the disease bacteria lived an average of 20 days. At 70 to 100 degrees the organisms survived for an average of only 10 days.

Most Populous State

Although ranking 29th in land area, New York state has been the most populous state in the Union since 1820, and now has 10 per cent of the nation's inhabitants.

IMMEDIATE SERVICE GIVEN
JOHNS-MANVILLE
HOME INSULATION

Home owners living in Northern Illinois are fortunate to have available in this area the oldest and largest Home Insulation company in the world. We have the Johns-Manville "Blown In" Rock Wool Home Insulation with 20 years experience; 15 insulation trucks working day after day blowing Johns-Manville Rock Wool in to the side-walls and attic of home after home; at present we have over 30,000 "Blown In" jobs done. Stop and think what this experience means to you who are thinking about having your home insulated. Our crew men do no other type of work; they are expert insulation workmen. Day in day out year after year they "Blow In" Johns-Manville Home Insulation.

This is why Johns-Manville Type A Home Insulation is not put on the open market; therefore, in all the greater Chicago area, including Lake and McHenry County, no other company is allowed to blow Johns-Manville Rock Wool other than the Wall-Fill Company.

We can give you immediate installation on any insulation work you have been thinking about. Why should anyone who does not know the difference in grades and types of rock wool take a chance with a substitute when we have available Johns-Manville Home Insulation which we know is right.

For free estimates write Ernest C. Andreas, dist. mgr. Mundelein, Ill., Phone 622-W-2 or phone Lake Villa 3654.

NOTICE

ANNUAL INSURANCE MEETING
The annual meeting of the Millburn Mutual Insurance Company will be held in the Masonic hall, Millburn, on Saturday, Jan. 8, 1949, at 10:30 a. m. to hear reports of the company and the election of officers and transaction of other business. Members plan to attend. J. S. Denman, Secretary (22-23c)

Adjudication and Claim Day Notice

NOTICE IS HEREBY GIVEN to all persons that the first Monday of March, 1949, is the claim date in the estate of George M. Goliwitzer, Deceased pending in the Probate Court of Lake County, Illinois, and that claims may be filed against the said estate on or before said date without issuance of summons. All claims filed against said estate on or before said date and not contested, will be adjudicated on the first Tuesday after the first Monday of the next succeeding month at 10 a. m. William P. Hattendorf, Executor Edward C. Jacobs, Attorney Antioch, Ill. (23-25c)

Brucellosis in Humans

Brucellosis—mainly contracted by human beings from swine and cattle—first became a reportable human disease in 1928, when less than 100 cases were reported in the United States. In 1947 more than 6,000 human cases were reported. Approximately 35 per cent of human cases are caused by eating infected food products of animal origin. Such cases can be prevented by proper pasteurizing of milk products and cooking of all meat.

Great Depression

Sudan Basin of Africa is a 4,000,000 square mile depression in the land, surrounded by a height of land water shed. It is identified as the North Pole ice cap bowl of the last previous epoch of time, and as having been careened about 5,000 miles from the polar Axis of Spin.

Freezer Locker Space

U. S. department of agriculture estimates that over half of the farm families in the United States are using freezer locker space for preserving home food supplies, most of it home grown.
